Driving licence	Offenbach District Werner-Hilpert-Straße 1 63128 Dietzenbach, Kreisstadt Telephone: (06074) 8180 -0 Fax: (06074) 8180 -6666 www.kreis-offenbach.de hessenfinder.hessen.de	In order to apply for a transfer of your licence, you must speak to the district driving licence authorities personally. EU or EEA harmonised driving licence categories do not, in principle, require a transfer. For any driving licence classes which are time-limited in Germany, German validity periods will only apply in cases where a driving licence has no expiration date or a later one. Your driving licence authority will provide you with more detailed information. Carriers of a valid foreign driving licence without an official residence in Germany can drive motor vehicles in the country for a duration of six months, within the extent of their own authorisation. If, after establishing residency, a vehicle is to continue to be driven within Germany, a German driving licence will be issued on the basis of a foreign licence (i.e. "transferred").
